Agenda

7:00 p.m..... Login

7:30 p.m. Presentation

8:15 p.m...... Questions and Answers

8:30 p.m. Adjourn

Faculty

Debbie Yi Madhok, MD Associate Professor of Clinical Emergency Medicine and Neurology University of California, San Francisco San Francisco, CA

Kevin K. W. Wang, PhD
Professor and Vice-Chair for Research
Department of Neurobiology
Director, Center for Neurotrauma,
Multiomics & Biomarkers
Morehouse School of Medicine
Atlanta, GA

Overview

This activity is intended to be an informative session to discuss the state of science on how TBI biomarkers are used as diagnostic tests

Target Audience

This activity is designed to meet the educational needs of emergency room physicians, nurse practitioners, neurologists and ICU intensivists

Learning Objectives

Upon completion of this activity, the participant will be able to:

- 1. To learn about TBI biomarkers
- 2. To be familiarize with the current clinical platforms for in vitro TBI diagnostics
- 3. To learn what clinical utilities are available for TBI blood-based biomarkers
