Agenda

- 7:00PM-7:30PM ET..... Login
- 7:30PM ET Presentation
- 8:15PM ET..... Questions and Answers
- 8:30M ET..... Adjourn

Faculty

Cathrine E. Keller MD.
President Emeritus of Radiology Associates of Central Florida
President Emeritus of Lake Medical Imaging Leesburg and The Villages, FL

Cathrine E. Keller, MD served as President of Lake Medical Imaging and of Radiology associates of Central FL from 2005 to 2023 and has been a radiologist at the practice since 1988. Dr. Keller established the first in the U.S. freestanding ACR Diagnostic Center of Excellence and Florida's first ACR Breast Imaging Center of Excellence and expanded Lake Medical Imaging from two to six locations. Dr. Keller was an early adopter of genetic testing for breast and prostate cancer risk, CEM breast imaging and AI integration.

Dr. Keller is a champion for women's imaging, including Mammography, CEM, Breast MRI and Ultrasound. Dr. Keller has received 4 RBMA RAD Honors in the last 3 years.

Overview

This activity will discuss breast AI advancements and workflows to assist physicians and technologists in adopting innovative technology into their daily practice

Target Audience

This activity is designed to meet the educational needs of breast imaging radiologists and technologists

Learning Objectives

- Understand the difference between new, sophisticated breast AI algorithms and older CAD models.
- Identify areas within their practices that can be improved with the use of artificial intelligence
- Evaluate the commercially available breast AI algorithms and determine which best meets their needs
